# About Lehoux Art

Lehoux Art was established in 2015 and is based in Wells, Maine. The company offers art prints, cards, magnets, stickers, coasters, trays and more featuring the graphic art of Danielle Lehoux.

Danielle digitally paints subjects that evoke joy and nostalgia. Whether it's a popular landmark, a serene coastal scene, or a favorite bird, she hopes her art will make a meaningful connection with others.

Products can be found in stores throughout New England.

## About Danielle Lehoux

Danielle Lehoux (pronounced "Lehoo") was born and raised in Cape Neddick, Maine. Her passion is creating graphic artwork similar to a block print style that is loosely inspired by the vintage "See America" posters of the National Parks. Being a native Mainer (8th generation), Danielle loves her

home state and enjoys creating artwork that reflects the beauty of her surroundings. Her favorite subjects are birds and lighthouses.

Danielle has always enjoyed creating art and spent many hours in her youth drawing with markers and pastels, shaping clay into pots, dabbling in printmaking, and painting. During college, she started exploring graphic design and found that working on a computer really spoke to her for many reasons. This medium quickly became her favorite way to create art.

Danielle uses a stylus as her "paintbrush" and her computer screen as her "canvas" as she creates her digital artwork. Unlike traditional painting, she works in layers, starting with the foreground then moving backward, creating shapes that, when viewed together make up the entire finished piece. Artwork often starts as a rough sketch, as pictured to the right.

# Absorbent Stone Coasters

Lehoux Art's most popular product, these sophisticated, high quality absorbent cork-backed stone coasters make an excellent addition to any home.

Their sandstone surface absorbs moisture and heat exceptionally well. Condensation sinks right in to protect your furniture. Artwork is heat absorbed directly into the coaster, which means it won't fade.

Due to the natural stone material, there may be some slight surface imperfections or color variations from piece to piece that make each one slightly unique.

Size and specs:

Coasters measure 4x4 inches and are bulk wrapped during shipping to prevent scratching. Each coaster comes labeled with the Lehoux Art logo on the back. Care cards are included.

Minimum quantity:  
3 per design

Note, due to the ongoing supply chain issues, coasters may take up to 3 weeks for delivery if not already in stock, so please plan accordingly.

# Birchwood Trays

## New Product!

Designed in Maine and made in Finland, these high quality lightweight trays are made of sheets of birchwood veneer sourced from certified sustainable forests.

### Sizes & Pricing:

- Medium: 8" x 11"
- Large: 16.5" x 12.5"
- Round: 15.7" diameter

Order minimum: 3 trays of the same size per design.

Note, due to the handmade nature of this product as well as overseas manufacturing, trays may take up to 3 weeks for delivery if not already in stock, so please plan accordingly.

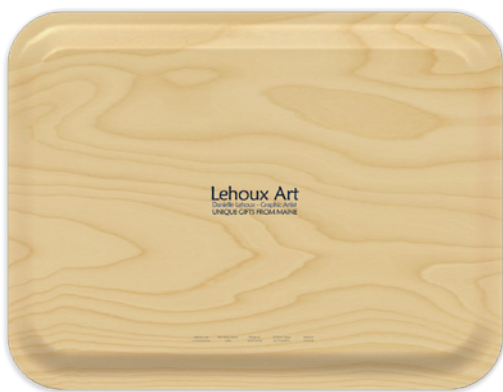

### Details and Care:

- Do not put the tray in microwave. It is not microwave-safe.
- Do not place hot pots on the trays as it will damage the tray.
- Do not use the tray as a cutting board as sharp items can damage the melamine seal.
- Tray is sealed with transparent melamine coat on both sides. Spills can be wiped off or handwashed. Cleaning in dishwasher is not recommended and will cause fading over time.
